

Detail information

Cooling: forced air circulation

Condensing unit: ASPERA

Refrigerant: R 507

Voltage rating: 230V 50Hz

Defrost: Automatic

Inner Range temperature: - 8C to - 17C (if surroundings temp. is 25C and relative humidity is 60%)

Front and side glasses heated

Automatic defrost water evaporation

ID: W-12 DL

Total length [mm]: 1160

Exposition area [m²]: 0,78

GN container quantity: 12 x 5,2 L

Rated refrigeration capacity[W]: 1150 (rated refrigeration capacity for $t_o = - 30^{\circ}\text{C}$)

Masa urządzenia [kg]: 160

Coloring:

Any desired by customer from the range of colouring we provide in our catalogue. Please see the refrigerated display cases section in our catalogue to see the available colors.
